BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article VII, Section I, Paragraph III of the Constitution is amended by revising subparagraph (f) and by adding a new subparagraph to read as follows:

(f)(1) The General Assembly shall provide by general law for the definition, methods of assessment, and taxation, such methods to include a formula based on current use, annual productivity, and real property sales data, of 'forest land conservation use property' to include only forest land of at least 200 acres in aggregate which lies within one or more counties, provided that such forest land is in parcels of at least

100 acres within any given county.

(2)(A) Any individual or individuals or any entity registered to do business in this state desiring the benefit of such methods of assessment and taxation for forest land conservation use property shall be required to enter into a covenant to continue the property in forest land use.

(B) All contiguous forest land conservation use property of an owner within a county for which forest land conservation use assessment is sought under this subparagraph shall be in a single covenant.

(C) A breach of such covenant within ten years shall result in a recapture of the tax savings resulting from such methods of assessment and taxation and may result in other appropriate penalties.

(D) The General Assembly may provide by general law for a limited exception to the 200 acre requirement in the case of a transfer of ownership of all or a part of the forest land conservation use property during a covenant period to another owner qualified to enter into an original forest land conservation use covenant if the original covenant is continued by both such acquiring owner and the transferor for the remainder of the term, in which event no breach of the covenant shall be deemed to have occurred even if the total size of a tract from which the transfer was made is reduced below 200 acres.

(3) No portion of an otherwise eligible tract of forest land conservation use property shall be entitled to receive simultaneously special assessment and taxation under this subparagraph and either subparagraph (c) or (e) of this Paragraph.

(4)(A) The General Assembly shall appropriate an amount for assistance grants to counties, municipalities, and county and independent school districts to offset revenue loss attributable to the implementation of this subparagraph. Such grants shall be made in such manner and shall be subject to such procedures as may be specified by general law. For the years 2019, 2020, 2021, 2022, and 2023, the value of the assistance grants may be increased by general law beyond the amounts prescribed by this subparagraph.

(B)(i) If the forest land conservation use property is located in a county, municipality, or county or independent school district where forest land conservation use value causes an ad valorem tax revenue reduction of 3 percent or less due to the implementation of this subparagraph, in each taxable year in which such reduction occurs, the assistance grants to the county, each municipality located therein, and the county or independent school districts located therein shall be in an amount equal to 50 percent of the amount of such reduction.

(ii) If the forest land conservation use property is located in a county, municipality, or county or independent school district where forest land conservation use value causes an ad valorem tax revenue reduction of more than 3 percent due to the implementation of this subparagraph, in each taxable year in which such reduction occurs, the assistance grants to the county, each municipality located therein, and the county or independent school districts located therein shall be for the first 3 percent of such reduction amount, in an amount equal to 50 percent of the amount of such

reduction and, for the remainder of such reduction amount, in an amount equal to 100 percent of the amount of such remaining reduction amount.

(C)(i) Such revenue reduction shall be determined by subtracting the aggregate forest land conservation use value of qualified properties from the aggregate forest land fair market value of qualified properties for the applicable tax year and the resulting amount shall be multiplied by the millage rate of the county, municipality, or county or independent school district.

(ii) For purposes of this subparagraph, the forest land conservation use value shall not include the value of the standing timber located on forest land conservation use property.

(iii) For the purposes of this subparagraph, forest land fair market value means the fair market value of the forest land as determined in 2016, provided that such value shall change in 2019 and every three years thereafter to the fair market value of forest land as determined in such year.

(D) Notwithstanding subparagraph (a) of Paragraph VI of Section IX of Article III of this Constitution, the General Assembly may provide by general law for a fee, not to exceed 5 percent, to be deducted from such assistance grants and retained by the state revenue commissioner to provide for the costs to the state of administering the provisions of subparagraph (f.1) of this Paragraph.

(f.1)(1)(A) The General Assembly shall be authorized by general law to establish a separate class of property for ad valorem taxation purposes that includes only tangible real property that has as its primary use the production of trees for the primary purpose of producing timber for commercial

uses and that meets such further requirements as may be prescribed by general law. Such property shall be known as 'qualified timberland property.'

(B) The value of qualified timberland property shall be at least 175 percent of such property's forest land conservation use value as determined pursuant to subparagraph (f) of this Paragraph.

(2) The only two purposes authorized by the subclassification of qualified timberland property as provided by this subparagraph shall be to allow the General Assembly by general law to:

(A) Provide that the Department of Revenue shall appraise qualified timberland property at its fair market value using any combination of appraisal methodologies otherwise provided by general law for establishing the fair market value of real property, provided that such methodology is not subject to an exception authorized by subparagraph (b), (c), (d), (e), (f), or (g) of this Paragraph; and

(B) Authorize the General Assembly to provide for a separate system by which to appeal appraisals of and determinations made related to qualified timberland property.

SECTION 2.
